SUBJECT: Instructors' Training Course A-701

Enclosed you will find the copy of the schedule for the Instructors' Training Course which you requested. You are due to appear from 0900-1100, Wednesday, 15 August. Of that time fifty minutes will be devoted to a lecture and forty-five minutes for questions from the student body. Although your lecture will be classified I have been informed that yours will be one of the several sessions of the course to be attended by one or more congressmen. If you want further clarification on the latter call Joe Amshey.

I am also including a copy of the memo concerning your participation in the series of six State Department panels. Dr. Landon said he informed you that a plenary session of the panel was being called by Mr. Maechling, Room 7313, State, on Monday, 13 August.

For your information my room here at FSI is 3029; my telephone is extension 3827. Please let me know if I can help in any way. Will be looking forward to seeing you on the 15th.
